FORT MORGAN HIGH SCHOOL

FORT MORGAN, COLORADO

FOREWORD

The Pathways through high school are memorable ones. We hope that through this book, we have portrayed a span of these pathways to the future upon which each of us travels.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway—each leading to some goal set by those who are traveling upon it.

Just as some roads are unpaved, so are some pathways to success unpaved. There are many rough and threatening sections. However, if the goal is kept in view, all difficulties can be surmounted, and the pathway will have served its purpose of furnishing a means of guidance.

We are proud of our faculty who are the guideposts along our pathway through high school. Without them our travels would be useless.

With all these things in mind, we present to you the 1964
PACEMAKER.

DEDICATION

It is an honor to pay tribute to one who has become such a genuine part of Fort Morgan High School. His interest and eagerness to help all students is known to all who have come under his influence. Because he means so much to so many, we the Pacemaker staff dedicate the 1964 Pacemaker to Mr. Claude Higgins Jr.

Besides his regular English classes he has taken an active part as a sponsor of UNESCO, A.V.A. Operators, Tennis, and Golf.

Halloween Party Enjoyed By FMHS

FMHS Halloween funsters gathered at the Fort Morgan High School gym last night for an evening designed to satisfy the most ghoulish spirits.

Students attending the dance and movie were treated to a spooky but fun-filled evening, including a spook room, several games, and a mystery story. Pseudo-pranksters jiggled monkeyed to the music of the senior combo, and those attending the movie jumped and shivered to the movie.

Some of the games played were ring toss, penny throw, darts, basketball throw, spooning cotton, and a tear-a-jack-o-lantern contest in which judges looked for the best entries.

The event was a spirited good time, and members of the committee to express their large turnout.

P.A. BOYS

Several times throughout the day a booming voice rings over the P.A. system calling students to the office or making announcements. Have you ever wondered who was behind this loud outburst? Well here are five of the vocal instruments used by good old F.M.H.S.

Gene Rickey, Bobby Tatton, Frank Hart, Lonnie Trautman, Bill Macneal.

AVA BOYS

From behind the film room door comes—on occasion—the sound of a projector. But when no films are scheduled there is no limit to the imagination of the AVA boys.

The Queen, chosen by the French students, was Kathy Longnecker, the King, Mike Eastman. A can can was presented by freshman and sophomore girls.

ADMINISTRATION

SUPERINTENDENT'S MESSAGE

You the class of 1964 are departing from the Fort Morgan High School to find your places in the world of tomorrow, a world filled with excitement, adventure, and opportunities. Yet there is another side of the picture, one of confusion and uncertainty. A happy future for you and our country demands from you the assuming of greater responsibilities, the making of greater sacrifices than those made by your forefathers. Leadership of the world will take strong hearts and keen minds.

We trust that your school experiences have prepared you to meet this challenge. Face the future with confidence and faith. We believe in your contributions to America and the world.

MR. ROBERT LUCAS, Principal

To the graduating class of 1964:

We hope that all of you will experience a great amount of good fortune, happiness, and success in your future endeavors whether they be working on the job or furthering your education in college.

In the years ahead, many of you will look back on your school days at Fort Morgan High School and will remember them as having been some of the most rewarding and enjoyable days of your lives. This yearbook will help—as the years pass—to aid you in recalling many of the people, events, and memories from the *best years of your lives*.

Good luck and best wishes,

Mr. Lucas graduated from the State College of Iowa. He received his B.A. in 1950. He majored in Industrial Arts and minored in Chemistry and Physics. For two years he taught General Science in Junior High. Following this he taught mechanical and engineering drawing in High School. He received his M.A. in School Administration in 1958. Before assuming his duties here as principal he had 8 years of administration experience in southeastern Iowa.

The 1964 Pacemaker faculty staff has devoted its time to exploring another side in the lives of the teachers of F.M.H.S., their hobbies and pastimes. Haven't you often wondered just what our faculty does after the school day is done? Aside from correcting papers and preparing the next day's lesson, many of them have very interesting spare-time activities. We have tried, through pictures, if possible, to show you a few ways in which our teachers pass their "free time."
